Through the work of the local church and praying people, Dunn will continue to see God's hand through meaningful healing and health. We will briefly hear stories from city leaders about how God has been recognized in wonderful ways. We will intentionally be in prayer for our first responders, children, healthcare system and outreach efforts. This will be a moving and informative time where people from all walks will cover our city in prayer and share God's love. This gathering of God's people will be your most important meeting of the week. See you at the flagpole!
